Strange, but Most True.  
Mrs. David Carstairs, Middleburg Township,  
noted with a very unusual surprise a few weeks  
ago. It seems Mrs. Carstairs has suffered a great deal  
from dyspepsia, and in digestion, the symp-  
toms of which were, pains in the stomach and  
bowels, and lack of health. She has tried a great  
many physicians, and an unlimited amount of  
medicines, on short notice.

### AN ABSURD STATEMENT.

CABLED FROM NEW YORK TO LONDON.

The Times and the Great Morning Post.

London, Sept. 12.—An absurd statement has been made here from the New York correspondent of the Standard to the effect that Canada would be put immediately in a state of thorough defence and the Imperial Government asked to give a grant of several millions sterling for strategic and other purposes.

The statement is a pure invention, and is not the work of the evening papers, but of the morning papers.

# Latest Cheese Markets.

(From Herald, Sept. 18th.)

The event proved that the Herald was right last week in predicting a bad market for cheese. Not only did the price fall, but it was hard work to sell goods even at the lower range established. As was then pointed out, the market on hand is too heavy to admit much improvement on August prices.

A year ago yesterday the market of August was closed up on this market. Prices were high, and importers let their stock melt away very freely. But it will take at least one week to clear out the August stock, and the market will be consequently a little better than it is at present.

## THE BARK WILL CASE.

More Witnesses Examined.

The End is Sight.

The Bark will case was resumed this

morning.

A. McGinnis, examined, said he paid 40

per cent, less than cost for tea, but could

not say more, particularly when it came to

the balance of \$200 made by the interest and

dividend on the same.

Mr. Fuller, examined, said he had heard

from his brother Charles about 3 or 4

days ago. He was then in Ayr, but

thought he was now in Toronto. He was

not present when the sale of cigars was

made by his brother. Did not know his

brother had purchased any from Mr. Bark

will. He had not purchased any from Mr.

Barkwill. He did not know of his brother's

dealing so, but thought it likely. He had

understood, and had not seen any of the

merchandise, did not ask for any.

Did not endorse notes to the amount of

\$200 in which Mr. Barkwill was named for

cash.

Mr. Barkwill objected to the introduction of

this evidence, it having no bearing on the

case. Counsel for prosecution continued his

testimony in pushing the argument without

being obliged to insure into the private affairs

of the defendant.

Mr. Barker waived the objection, that

these might be further objections.

Mr. Fuller, re-examined on the question

of any such notes, said he did not know

of any such notes. He was not present

when cigars were brought to his brother

in Ayr, or taken away from him. He had

no conversation with Mr. Barkwill, but

with regard to any sale of notes or goods.

He never knew of any such sale, and

did not know of any such sale. He was

sation with Mr. Barkwill, but with regard
